

Human Nutrition/Hospitality Management Advising Information

Advising Procedures Main Campus Students

Please read the following notes and steps carefully.

Note: If you are planning to pursue an allied health graduate program (e.g., medicine, dentistry, optometry, physical therapy), you should visit <http://prehealth.ua.edu> for more information. Students can make appointments with pre-health advisors at <http://as.ua.edu/appointment>.

1. Check your Degree Works for the name of your advisor. Note that this may be different from last year. Juniors and Seniors should be assigned to a faculty member within your respective major. Freshman and Sophomores are assigned to Ciera Harris.
2. Review your transcript and requirements for your degree completion. Note any questions or concerns that you have regarding your academic record.
3. Check your student email to locate your advisor's signup procedures. Schedule a time to meet with your advisor. Advisees of Ciera Harris utilize the SARS link to sign up for advising.
4. Prepare for your advising appointment. Bring with you a tentative course schedule, alternate courses, and any questions or concerns. **If you are not able to attend your appointment be sure to contact your advisor to cancel and reschedule for a later date.**
5. Be on time for your appointment.
6. Check MyBama for your registration date and time. Register for classes.
(Utilize the Schedule Builder tab in MyBama)
7. If you experience issues during registration, contact your advisor or see Ciera Harris.

Note: Registration dates can be found on the Academic Calendar on the University Registrar's webpage (www.registrar.ua.edu)
