BAMA YEAR ONE

Bama Year One is an organization housed within the Center for Service and Leadership that is dedicated to building the ethical, service-based leadership skills of freshmen students. Students will sign up for a small group with other freshmen students and 2 upperclassmen students. The curriculum looks to find how service pertains to topics such as homelessness, the environment, food insecurity, and health care, as well as defining one’s values, future, and life map. This semester will start with an introduction zoom meeting, and then transition to in-person groups. Students that are searching to make more connections on campus are encouraged to join now to make those class connections, find upperclassmen mentorship, and improve leadership skills.

If you are interested in signing up, follow this link. Groups will begin meeting on February 15th. Have questions? Contact team leader Caroline Doughty: cgdoughty@crimson.ua.edu.

These rooms are across campus with schedules that vary by room. A complete list of rooms and times will become available this week on the Center for Instructional Technology’s website. Virtual learning spaces are subject to change at any time during the semester based on classroom space availability needs.

TIDE TOGETHER SUPPORT FUND

The Tide Together Student Support Fund is an assistance program administered through the Division of Student Life that provides students with access to short term financial help in times of need. Due to the current public health crisis, many students lack the financial resources needed to travel home, to find alternate housing arrangements, or to simply afford food. Some may even lack the technical and digital access to take classes online. The Tide Together Support Fund provides a lifeline for these students.
