PRE-HEALTH PROFESSIONS ADVISING

Are you in a Pre-Health professions track, like pre-Med or pre-PT? The University of Alabama's Office of Health Professions Advising (OHPA) works with students to prepare for a variety of health profession careers. Visit the [Health Professions Advising website](#) to connect with a pre-health advisor, learn about the pre-requisites for each program, how to add or remove a pre-health track to your degree plan, and how to subscribe to the email list.

You'll still see your HES major advisor each semester for advising, but Pre-Health professions advising is important as you prepare for post-graduate medical programs.

TIDE TOGETHER SUPPORT FUND

The Tide Together Student Support Fund is an assistance program administered through the Division of Student Life that provides students with access to short term financial help in times of need. Due to the current public health crisis, many students lack the financial resources needed to travel home, to find alternate housing arrangements, or to simply afford food. Some may even lack the technical and digital access to take classes online. The Tide Together Support Fund provides a lifeline for these students.

To learn more about the Tide Together Student Support Fund, please visit <https://bamacares.sa.ua.edu/student-assistance/emergency-assistance/>.

If you are interested in helping, please visit <https://give.ua.edu/tidetogogether>.
