APPLICATIONS FOR THE CHES COUNCIL FOR ENGAGEMENT AND OUTREACH (CEO)

About Us

The purpose of CHES CEO is to ensure all students in the College of Human Environmental Sciences (CHES) have access to information regarding opportunities provided by the College and by UA.

The Council for Engagement and Outreach (CEO) is made up of various CHES students and exists to promote collaboration across CHES student organizations, current students, faculty, staff, and administration.

This is accomplished by developing and maintaining strong relationships with the CHES departments to identify and implement outreach opportunities and networking within the college.

Furthermore, the organization will build strong relationships with faculty and staff and ensure that students can connect with their instructors outside of a classroom setting.

Students can submit an application at https://forms.gle/XECju79Av8GdNBhB8. Applications are due by Monday, September 6th.
Applications are now open for the Orientation Leader Team! Orientation and Special Programs + Parent & Family Programs are seeking students to be an Avanti or Parent Ambassador. Students can fill out an interest form at tinyurl.com/BeAnOL.

PRE-HEALTH PROFESSIONS ADVISING

Are you in a Pre-Health professions track, like pre-Med or pre-PT? The University of Alabama’s Office of Health Professions Advising (OHPA) works with students to prepare for a variety of health profession careers. Visit the Health Professions Advising website to connect with a pre-health advisor, learn about the pre-requisites for each program, how to add or remove a pre-health track to your degree plan, and how to subscribe to the email list.

You’ll still see your HES major advisor each semester for advising, but Pre-Health professions advising is important as you prepare for post-graduate medical programs.

TIDE TOGETHER SUPPORT FUND

The Tide Together Student Support Fund is an assistance program administered through the Division of Student Life that provides students with access to short term financial help in times of need. Due to the current public health crisis, many students lack the financial resources needed to travel home, to find alternate housing arrangements, or to simply afford food. Some may even lack the technical and digital access to take classes online. The Tide Together Support Fund provides a lifeline for these students.
